Directive and Discussion - Item 2018.12.04d

‘Staff to Review the Usage of Flock Safety Automatic License Plate Readers (ALPR) at all Entrance Points to the City of Hapeville, Develop Implementation Plan, and Report Progress to City Council’

A DIRECTIVE AND DISCUSSION ASKING THAT STAFF REVIEWS THE NECESSARY SIGNAGE AND PHYSICAL PLACEMENT NECESSARY FOR THE IMPLEMENTATION OF FLOCK SAFETY (ALPR) UNITS AT ALL ENTRANCE POINTS TO THE CITY OF HAPEVILLE;

WHEREAS, automatic license plate readers offer a technological solution that augments the capacity of the Hapeville Police Department;

WHEREAS, ALPR solutions have been crucial in many arrests in the previous year;

WHEREAS, Flock Safety uniquely provides a solution that cost-effective and structured to meet the needs of the Hapeville Police Department;

WHEREAS, the perception of the Councilman-at-large is that the health, safety, and welfare of the people of the City of Hapeville shall be preserved, enhanced, and guarded by the discussion and potential action of the aforementioned; and

BE IT, AND IS HEREBY REQUESTED by the Councilman-at-large, a request that the Mayor and Council set forth a discussion and a directive that the following be reviewed and brought to the attention of Mayor and Council for implementation by the second meeting of February 2019:

- Implementation of 15 Flock Safety ALPRs in the locations shown in the image below
- Budgetary process to allow for the financing of these ALPRs at \$30,000/year (for all 15 units), plus the initial installation cost of \$7,500 (for all 15 units)
